

MONOBLOCK ROTARY VACUUM PUMPS

"AIROV AC" Monoblock Rotary Vacuum Pumps are compact in size as the pumps are directly fitted on motor flange. These pumps are oil-free as no external lubrication is required. They are light-in-weight hence easily portable. As the pumps are of very compact-design they can be easily mounted on original equipment. They can be operated by single phase and three phase motors.

Applications:

These Pumps are specially designed where oil-free vacuum is required and find applications in packaging machines, printing machines, pharmaceuticals machines, material handling equipment, currency note counting machine etc.

Specifications:

Model	Capacity	Vacuum	Maximum Pressure	Motor HP	Dimensions lxbxh mm.
MB-40	40 litres/min	24" Hg	8 psi	0.125	230x120x155
MB-75	75 litres/min	24" Hg	8 psi	0.250	245x120x155
MB-100	100 litres/min	24" Hg	8 psi	0.500	310x210x195
